## Farm Progress Show

The Farm Progress Show in Decatur, Illinois has a huge attendance of people. The Fellowship of Christian Farmers secures a large tent and has a stage for Christian bluegrass music and preaching. The rest of the tent is filled with circles of chairs for people to come in to listen to the story of the salvation colors and receive a free walking stick. As in years past this was a very busy farm show with a pretty steady flow of people coming into the tent all day. Many of these people prayed to receive Christ into their lives.

One of my favorite testimonies is of a husband and wife. The wife was already saved but the husband had never prayed to receive the Lord. After I ministered to him for a while he prayed with me for salvation. So they both left the tent that day saved.

Jeff sharing the gospel with a group of people.

People outside the tent waiting for the free walking sticks.

Jeff explaining how to be saved to some young people.

## Great Bend, Kansas

On Saturday August 8th I was privileged to teach our Evangelism Workshop at Faith Bible College of Faith Community Church. The next day I preached at Faith Community on how we all need to do the work of an evangelist. Later that afternoon we drove through the rolling plains of central Kansas to La Crosse and I preached at Harvest Church where we pastored for 3 years. It was so good to see all of our friends in central Kansas. We are excited for what God has for that area.

## Future Schedule

Please pray with us for our upcoming engagements for traveling mercies, the finances needed and for fruit that will remain.

- Northern Navajo Nation Fair outreach, Shiprock, New Mexico, September 30th-October 5th.
- National FFA Convention outreach, Indianapolis, Indiana, October 21-23rd.
- Speaking at Living Word Fellowship in Knoxville, Iowa October 25th.
- Speaking at Cornerstone Fellowship, Great Bend, Kansas, November 15th.

## Other News

Stepping Stones, our Bible correspondence course, just had a guy from Singapore graduate. We have sent out 114 first lessons so far this year. We have many who are working their way through the course.

I am teaching our Evangelism Workshop to St. Louis Ministry Academy students in 6 sessions. I am also a route leader for a street ministry team that goes out weekly.

Our radio ministry on World Harvest Radio Shortwave stations and in 5 cities on regular radio in the US continues. It is expensive for us to air the teaching that God has entrusted to us so any support that you can send is greatly appreciated.

Thank you for your love, prayers and support.

In Christ,

Jeff Goss
