

# Merry Christmas!

The year 2009 has flown by, it is almost like a blur. Staying busy with outreaches, radio, Stepping Stones (our Bible correspondence course), evangelism workshops, and family activities probably made the year go by fast. Looking back we realize how much we were able to do and how much God has blessed us. Thank you for your prayers and support that made it possible.

This past year I ministered at more farm shows with the Fellowship of Christian Farmers than before in Kansas City, Missouri; Salina, Kansas; Oklahoma City, Oklahoma; Pittsburg, Kansas; Decatur, Illinois; in Tulsa, Oklahoma and at the National FFA Convention in Indianapolis, Indiana.

Most recently my son, Tommy, and I ministered at the Tulsa Farm Show in Oklahoma. We prayed with a lot of young people to be saved but there were also several very elderly people that prayed with me to receive Jesus into their lives. The ministry highlight of the trip for me was when a teenage girl came smiling all the way down the aisle and asked me several times with a big grin if I remembered her. I have ministered to so many kids this past year that I really didn't remember her but she said that I prayed with her to be saved at the Tulsa Farm Show last year. I asked her if she was still following Jesus and she said that she was. (The look of joy on her face evidenced that she was telling the truth.)

On Friday nights I did ministry on the streets in North St. Louis with a local church where many young people were saved. On July 4th we ministered at the Arch in St. Louis to the crowd gathered for Fair St. Louis.

A couple of highlights for the year was teaching our evangelism workshop to 2 different Bible Schools and then taking some Bible School students with me to minister at the Navajo Nation Fair in Shiprock, New Mexico and a couple of students ministered with me at the FFA Convention.

Our radio ministry reaches almost the whole world via World Harvest Radio's shortwave signals. We also have a program that teaches on evangelism which airs in 5 different US cities. We continue to receive requests for enrollment in [Stepping Stones](#) as well as completed lessons in the mail. If you would like more information about our ministry please visit our website [jeffgossministries.org](http://jeffgossministries.org) where you can find our past [newsletters](#), [audio](#) from our shortwave broadcast, and a [blog](#) that has more information and many pictures.

On a personal note, Julie and I celebrated our 20th anniversary this past summer. How can 20 years go by so fast? We are blessed to have each other.

Kara is a senior in high school this year. Southeast Missouri State University offered her the Governor's scholarship, their most prestigious scholarship, so she will be going to Cape Girardeau to attend there in the fall. In July she went to Boston with Junior Achievement to compete for company of the year. As part of the Cross Country team she won the "most improved" award and was a top ten runner.

Leticia broke the Freshman record at Northwest High School in the 800 meter race during track in the Spring and was the #1 runner in cross country in the fall. She stays busy with friends and studies in 10th grade.

Tommy still loves baseball and made the all star team last summer. He is doing well in the 6th grade.

Thanks again for your prayers and support and we wish you a very Merry Christmas and Happy New Year!

Love in Christ,

Jeff and Julie Goss and family
