March 2006

The Momentum Continues

As we stated, in our last newsletter 2006 had a great start for Jeff Goss Ministries and the momentum has continued through the last month. We were at two farm shows, two Friday night outreaches, a Mardi Gras outreach and Finding Hope, our shortwave radio program, was launched.

Finding Hope began broadcasting into Asia via World Harvest Radio's station Angel 3 on February 18th. We are very excited to be sharing the gospel via shortwave radio.

Farm Shows with The Fellowship of Christian Farmers

On February 26th - February 27th I was in Kansas City for the Western Farm Show to help the Fellowship of Christian Farmers evangelize at their booth. On the 27th, which was a Monday, Future Farmers of America brought their kids from around the area to the farm show. As a result hundreds of FFA kids came by the booth and were saved and ministered to.

The Midwest Farm and Ranch Expo was held in St. Charles, Missouri (just west of St. Louis) on March 18th and 19th. The Fellowship of Christian Farmers rented a booth and around 35 people prayed to receive the Lord. We had great divine appointments with the unsaved and religious people who didn't know how to be saved.

Part of the vision we have for Jeff Goss Ministries is to train others in evangelism and provide opportunities for them to evangelize. For both of these shows we brought some people who have a call to evangelism with us. They did a good job and were appreciative for the opportunity.

Jeff Goss Ministries Website

In our last newsletter we announced the launch of our website that was in its beginning stages. Robin Strohmaier of R & R Web Design has worked on and created the final version. She really captured our heart and vision, so please check it out. We also have added flash streaming audio of Jeff's testimony and past Finding Hope programs. The programs will be added each week. As you listen please keep in mind that the program is targeted to reaching people with the gospel and giving brand new Christians help and encouragement in their walk. It also was reduced in quality to make it available on the internet to analog connections. If you listen to the program on Saturday mornings from the World Harvest Website you'll hear it at a better quality and with different music.

Outreaches with the St. Louis Dream Center

I've been a part of Friday night outreaches with the Street Ministry team of the St. Louis Dream Center. We go into some of the worst areas of St. Louis to minister to the people there. We find them under bridges, in an illegal gambling house, and trying to make a home in semi-truck trailers that have no electricity, heat or water. There are all kinds of people in those places who need Jesus. We've ministered to teenagers, gang members, young kids, homeless and prostitutes. The last few times I've gone out we were able to lead 20 people to the Lord. I'll continue to do this on Friday nights about twice a month.

Mardi Gras St. Louis is the second largest Mardi Gras celebration in the United States. The St. Louis Dream Center Grill Team was there to give out free hamburgers and turkey and to evangelize. I teamed up with them to pass out tracts and Joyce Meyer books and share the gospel with people. I also helped carry a cross in the midst of a wild crowd. Nine people, mostly young people prayed with me to be saved.

Our Goals

Your financial support is what makes every part of this ministry possible. A few of our goals that your giving will go towards are:

- To purchase and pass out "I Went to Hell" booklets by Kenneth Hagin.
- To expand Finding Hope to other World Harvest Radio Stations to reach more of the world.
- Travel expenses for the many more outreaches that are to come in 2006.

Thank you so much for your prayers and support. If you desire to give into Jeff Goss Ministries please send your check to:

Jeff Goss Ministries
