October 2007

## Northern Navajo Nation Fair

The first weekend of October I ministered to thousands of Navajo Indians in Shiprock, New Mexico at the 95th annual Northern Navajo Nation Fair. Every year well over 100,000 Navajo Indians gather in Shiprock for a big fair and parade. I teamed up with Fisher's of Men Ministries from Kansas City as well as with an old Bible School friend from Seattle, Washington.

We had two booths where we passed out thousands of tracts, salvation bracelets, Bibles, Christian magazines, praise and worship tapes and the ever popular Jesus Stickers. As in years past hundreds prayed with us to receive Christ into their lives.

A lot of the teenagers are into gangs and being gothic. We ministered to many of them and saw some of them come to Christ. One

of my favorite divine appointments there was when my friend, Terry Morrison, and I were witnessing and passing out tracts one night where all the rides were at. There were a lot of kids roaming around. As we approached one gang of boys they all left but one and he seemed to be the leader of the gang. He really opened up his heart to us and really had a heart and hunger for God. After talking with him for about 20 minutes he ended up giving his heart to the Lord. It was a glorious conversion and I was able to tell him about a good church in his area.

My other favorite divine appointment was not an Indian man but a man from India who is a teacher on the reservation. He came to our booth and I explained the Salvation colors to him and he ended up giving his life to Christ for the first time.

Once again we passed out thousands of tracts at the parade where probably around 120,000 people lined the street of the parade route. Most of the tracts we

passed out had the name of the church we worked through in Shiprock, Victory Life Church. Pastor Robert Tso (pictured above with myself and his wife) is the pastor and they meet in the old chapter house which they have renovated. We saturated the fair with the Gospel and the reservation will never be the same.

## Farm Progress Show

The Farm Progress show in Decatur, Illinois was very hot weather wise but was also red hot evangelistically as hundreds prayed with me to receive Jesus into their lives. For three days at the end of August I was with the Fellowship of Christian Farmers under a hot tent using the wordless walking stick to minister to many teenagers and adults on how to get to heaven through faith in Jesus.

## Stepping Stones

Our Bible Correspondence Course has been growing. Just since September we have received over 40 new requests for enrollment. The requests have come from Africa, India, Malaysia, Pakistan and from all over the United States. We have had our first graduate, a woman from Wisconsin and there are others who are making their way through the 12 lesson course.

A woman from India who is now on lesson 7 sent us this note of encouragement, *"Thank you very much for giving this great opportunity to utensil the word of God, i am lurning many great and good issues from this course. Every lesson giving me great trust worthy evidence of Jesus Christ,"* We offer the course for free asking only that they take care of postage needed to mail the lessons back to us. Your support provides the copies of the lessons, the postage for us to mail them the lessons and Bibles for those who need them so the thanks above goes to you also.

## Finding Hope

Our radio program goes out over World Harvest Radio's shortwave signals to the whole world each weekend. It can also be heard via the internet from World Harvest Radio's website and our website. As the end of daylight savings approaches the time here in the United States that the program is broadcast will change by one hour as the rest of the world does not follow daylight savings time. Past programs are available in Flash format using the blue buttons on the Finding Hope page of our website. Be sure to check it out.

## FFA Convention

October 24th - 26th I'll be traveling to Indianapolis to minister with the Fellowship of Christian Farmers at another big and very important outreach, the Future Farmers of America National Convention. There will be over 55,000 kids from every state of the nation including Puerto Rico. There will be small town kids and big city kids who are the future leaders of tomorrow.

A couple of years ago as soon as the convention was over, I was about to leave town and a man with a British accent approached me. He said over and over, "Don't quit, you're giving these kids exactly what they need. You have the answer. These are the leaders of tomorrow and you're giving them Jesus and that is what they need so don't quit." What he didn't know was that we really needed that encouragement. The Bible says that we will entertain angels unaware and because he was not the type of person who was at the convention and because of the message he shared with me I believe it is possible that he was an angel sent by God so that we would not quit or give up. I get encouraged to minister to these FFA kids whenever I think of what he said.

## Thank You

None of this would be possible without your support and prayers. Thank you so much. Your gifts have an eternal effect on peoples' lives. If you are not a partner with us please prayerfully consider becoming one. Any gift of any size is greatly appreciated by us and by those whose lives are changed.

In Christ,  
Jeff Goss
